Our goal is to provide you with a quality education and to help you develop your talents, skills, and knowledge for a sustainable career in a strong and viable industry. We design each of our programs with this in mind. We get input from employers who meet with our faculty, staff, and administration to improve existing programs and to help create new ones, depending on the how the economy and needs of industry are evolving. This means that the skills and knowledge you gain when you earn an Associate in Specialized Business or an Associate in Specialized Technology degree from Laurel comes directly from the people who do the hiring and who know what qualities make a reliable and valuable employee.

Team Spirit

We dedicate our efforts to make our students' time here enjoyable and beneficial. We work as a team to ensure a welcoming environment!

Quality Education

We pride ourselves on small class sizes and make sure to keep our curriculum up to date to the most in-demand skills needed in each career options!

Family Environment

We love getting to know our students and make sure they are getting what they need in their educational journey with us!

Cloud Computing Technology

ONLINE! SPECIALIZED ASSOCIATE DEGREE

The fast-paced field of computer science is dynamic and ever-evolving as new technology emerges, becomes mainstream, then shifts yet again. We start with required core classes across computer programming, operating systems, databases and networking, and computer architecture. In addition to core IT skills, the program focuses on cloud technologies, security, networking, scripting, emerging technologies, and server administration.

What makes our Online programs unique?

Our new online platform gives students the choice and flexibility to learn at their own time, place, and pace! Laurel offers a multitude of things that set us apart from other online learning institutions, including:

- Individualized attention
- Hands-on curriculum
- Designed for Employment
- Professional Instructors
 - Online Orientation
 - Tutoring
- Lifetime Career Services Assistance
 - Student Services
- Personalized Academic Advising

Conditional Acceptance

We allow first-time students to sit for the first 7 and a half weeks of online classes at no cost to you if you decide not to continue with your program of choice. If you find your first 7 and a half weeks successful, you can be fully accepted into the program and will then be billed for those initial 7 and a half weeks.

This only applies to our online programs!
